

Cisco experts, on demand. No permanent headcount.

Senior Cisco network, security, data center and collaboration engineers join MSP, MSSP and VAR delivery teams for presales, implementation, migration, escalation and knowledge transfer.

CCIE depth

Security · Enterprise · DC · Collab

Scalable

Specialists or delivery pods

Delivery

Presales to day-2 operations

ENGINEERING PEDIGREE

Cisco Advanced Services · Cisco TAC · Cisco consulting · Cisco Gold Partner delivery environments · enterprise, carrier, collaboration and mission-critical networks.

WHERE WE ADD CAPACITY

Campus, branch & assurance.

Catalyst Center · Catalyst 9000 · Meraki · Catalyst SD-WAN · ThousandEyes · Cisco Spaces

Security & identity.

Secure Firewall · Secure Access (SSE) · ISE · Duo · Splunk · Cisco XDR

Data center, compute & collaboration.

Nexus Dashboard · ACI · VXLAN · Hypershield · UCS + Nutanix · Webex Calling & Contact Center

WHEN PARTNERS CALL US

Your bench is already full.

You win a Cisco project but your engineers are committed - we add senior capacity in days.

The skill is rare.

CCIE-level ISE, ACI, collaboration or advanced routing for a migration or a critical escalation.

A platform is reaching end of life.

ASA, Firepower, HyperFlex, Prime or on-prem PBX - we plan and deliver the move to the current Cisco portfolio.

CERTIFICATIONS BEHIND THE DELIVERY

CCIE COVERAGE

CCIE Security
CCIE Enterprise Infrastructure / R&S
CCIE Service Provider
CCIE Collaboration / Voice
CCIE Data Center · Wireless · Storage
Includes a 7x CCIE (#6684) engineer

CISCO PROFESSIONAL & SPECIALIST

CCNP Collaboration · Security
CCNP Enterprise · Service Provider
Security Core · Identity Management
Data Center Core · Enterprise Core
Advanced Infrastructure · Design

CISCO DESIGN & AUTOMATION

Enterprise Design · Enterprise SD-WAN
DevNet Associate · CCNA Automation
CyberOps Associate
Cisco APIs / automation
Continuing education

DELIVERY THAT FITS YOUR CHANNEL MODEL

On-demand SMEs · Project delivery · Partner delivery pods · Presales support · Migrations · L2/L3 escalation

Hourly blocks, fixed-scope projects or dedicated engineers. You retain the customer relationship; we provide engineering.

Solution one-pagers: Catalyst Center · Meraki · ThousandEyes · Splunk & XDR · Secure Firewall · Secure Access · ISE & Duo · Hypershield & Nexus · UCS + Nutanix · Spaces · Webex.

Have a Cisco project you can win with the right capacity?

Send us the scope. We'll assemble the engineering team and delivery model to execute.

Cisco credentials are held by engineers in Telekomplex's delivery bench; they do not imply corporate Cisco partner status.
